

Job Title: Grounds Assistant

Location: St Andrews Lakes, Halling

Job Overview:

As a Grounds Assistant at St Andrews Lakes, you will play a crucial role in maintaining the grounds and ensuring a safe and enjoyable environment for our visitors. Your responsibilities will include landscaping, groundskeeping, and general maintenance tasks. You will work closely with the groundskeeping team to uphold the highest standards of cleanliness and safety across the facility.

Key Responsibilities:

1. **Grounds Maintenance:** Perform routine landscaping tasks such as mowing, trimming, weeding, and watering to maintain the appearance and functionality of the grounds.
2. **Facility Maintenance:** Assist in the upkeep of buildings, pathways, and other structures on the premises. This may involve painting, repairing fixtures, and performing minor carpentry work as needed.
3. **Equipment Operation:** Operate groundskeeping equipment such as lawn mowers, trimmers, and power tools safely and efficiently. Ensure all equipment is properly maintained and report any issues to the supervisor.
4. **Waste Management:** Collect and dispose of litter and waste materials from designated areas around the facility. Keep outdoor bins emptied and clean.
5. **Safety Compliance:** Adhere to health and safety regulations at all times, especially when operating machinery or handling hazardous materials. Report any safety hazards or concerns to the appropriate personnel immediately.
6. **Team Collaboration:** Work closely with other members of the groundskeeping team to prioritise tasks and ensure efficient completion of daily responsibilities.
7. **Customer Interaction:** Provide friendly and helpful assistance to visitors when necessary, including answering questions and providing directions around the facility.
8. **Special Projects:** Assist with special projects or events as assigned by the supervisor, which may include setting up outdoor equipment or decorations.

Qualifications and Skills:

- Previous experience in groundskeeping or landscaping preferred.
- Basic knowledge of groundskeeping equipment and maintenance techniques.
- Strong attention to detail and the ability to work effectively in a team environment.

- Physical stamina and the ability to perform manual labour in various weather conditions.
- Good communication skills and a friendly demeanour when interacting with visitors.
- Willingness to learn and follow instructions from supervisors.
- Flexibility to work weekends, holidays, and occasional evenings as needed.

Joining the team at St Andrews Lakes as a Grounds Assistant offers an exciting opportunity to contribute to the maintenance and upkeep of a vibrant outdoor recreational facility while enjoying the beauty of the natural surroundings. If you are passionate about outdoor activities and dedicated to maintaining a welcoming environment for visitors, we encourage you to apply.
